ABOUT US

Our preschool has been serving the community for 25 years. After the construction of our children and preschool building in 1999, the church started the weekday preschool program in this wonderful facility. Our school offers two playgrounds, enhanced security, qualified and well-trained teachers, fun activities, small class sizes, and an overall great preschool experience.

CURRICULUM & ENHANCEMENTS

All classes use Wee Learn, a developmentally appropriate weekday curriculum for Christian preschools. In addition to this, our students participate in chapel services, music and movement, indoor and outdoor play, in-house field trips and much more!

CERTIFICATION

Our weekday preschool is a certified Preschool of Excellence. This certification requires participating preschools to meet operating standards set by the Noonday Baptist Association in the areas of health, safety, curriculum, administration, facilities, and training.

PARENT TESTIMONIAL

Over the last 3 years, Flat Creek Baptist Church Weekday Preschool has become like our second family. My son is an only child but has been so blessed to feel he has an extended family with the students, teachers, and staff. We are beyond thankful and blessed we got to watch and experience our son grow so much these past few years.

Brittany Brooks
